## PITTSBURG / BAY POINT LINE TRACK MAINTENANCE DELAYS DUE TO SINGLE-TRACKING SATURDAYS IN JANUARY AND FEBRUARY

Dear Customers:

We are doing track maintenance between Lafayette and Concord stations on the following Saturdays in January and February: 1/11, 1/18, 1/25, 2/1, 2/8, and 2/15 between 8:30am and 3pm. You may experience delays up to 15 to 20 minutes.

**In some cases on 2/1, 2/8, and 2/15 you will be asked to transfer trains at Orinda Station and/or Pleasant Hill. When transfers are required you may experience a 20-30 minute delay.**

To minimize delays and avoid the chance of transferring, use Orinda Station which will have regular weekend service to Millbrae/SFO throughout this work.

We make every effort to schedule this important work at times outside of regular commute hours in order to minimize disruption to customers' schedules. Unfortunately, because of its complexity, this work cannot be done in the narrow time window when there is no service.

You may notice trains travelling slower than in the past. This is to ensure safety when we have workers near tracks. We realize that this change may slightly lengthen the delays you experience. We appreciate your patience as we work to keep providing you with the high level of service you rely upon.
