TRANSIT VILLAGE PHASE 2 MEANS PARKING LOT AND PLAZA CHANGES AT MACARTHUR STATION

September 2013

Dear Customers:

On September 19, construction begins on Phase 2 of the MacArthur Transit Village at MacArthur Station. Phase 2 is a new 90-unit affordable housing community developed by BRIDGE Housing. The project is located in the southeastern section of the existing parking lot. Completion is planned for spring 2015.

Construction of the new housing structure and new streets will close a large section of the existing parking lot. Customers should use other means to reach the MacArthur Station rather than driving, such as free shuttles or AC Transit buses. A brochure with information on alternatives is available at the MacArthur BART Station or can be viewed or downloaded at <http://macarthurstation.com>.

In late October 2013, a portion of the BART Plaza will close for reconstruction. The reconstruction will include a new bike storage facility and additional security features. The closed area will not block access to and from the BART Station.

We will continue to issue additional bulletins regarding construction improvements to update you about upcoming changes. Current and prior bulletins, as well as additional information regarding the project can be viewed at <http://macarthurstation.com> or by contacting MacArthur Transit Community Partners at (510) 619-9855.

We apologize for the inconvenience and appreciate your patience.
