Project Name: Daly City BART Station Bus & Shuttle Circulation Improvements

Grant Recipient: Bay Area Rapid Transit District

EXPENDITURE PLAN INFORMATION

Prop K EP category: Facilities-Rehabilitation, upgrade and replacement of existing facilities:
(EP-20)

Prop K EP Line Number (Primary): 20 Current Prop K Request: \$ 550,000

Prop K Other EP Line Numbers: _____

Prop AA Category: _____

Current Prop AA Request: \$ -

Supervisorial District(s): District 11

REQUEST

Brief Project Description (type below)

State and Proposition K funds will fund pedestrian improvements in and around the bus circulation area of the Daly City BART Station.

Detailed Scope, Project Benefits and Community Outreach (type below)

The Daly City BART Station serves as a major transfer point for commuters between the Peninsula/South Bay and San Francisco. Currently the station is served by four BART lines, four Muni bus routes, five SamTrans bus routes, three private shuttle services, and three paratransit services. This project includes staff, consultant, and construction contract resources to re-pave the back parking lot, stripe parking stalls and crosswalk, number the stalls, and repair an existing access path from the upper lot to make it ADA compliant to/from the bus area. In addition, BART plans to incorporate a mural project to the large concrete retaining wall opposite the bus bays. If budget allows, opportunities to enhance the new access from the surface lot will engage an artist to create an additional experience relating to the mural. Both projects would start by a community engagement process to understand how the station to bus transfer point is perceived and what value artwork could bring to the experience. Community will provide information on the type of artists or artwork might be most engaging for them, and then a small subgroup will be identified to help in the artist selection. After the artist is brought on board the community will again be solicited for creative input as the artist begins to formulate their ideas.
