

EARTHQUAKE SAFETY PROGRAM

Stage 2 Construction Activity at Coliseum Station

Stage 2 Earthquake Safety retrofit construction reopens escalator and temporarily closes the southwest stairwell inside Coliseum Station, creating ADA/Pedestrian access detours between Concourse and Platform. This work is expected to begin the week of February 25 and continue for approximately 4–6 months. Please use caution and allow more time when traveling through Coliseum Station. Similar seismic retrofit construction is underway at Fruitvale Station.

Note: During this Stage 2 Construction, all stairs – **except the south stairwell**, elevators, escalators, utility rooms, restrooms, add fare and parking machines, vendors are expected
