

## Systemwide Maps

---

The following maps depict the origin locations of weekday BART customers based on data from BART's 2008 Station Profile Study. The report text and data tables are available in a separate PDF file at [www.bart.gov/profile](http://www.bart.gov/profile).

The maps are broken out by origin type – Home, Work, and Other. The maps in this file present data by county.

### ***List of systemwide maps in this file***
