BART Police Department
Crisis Intervention Training
CIRT Team, Community Partners and
Regional Response

Crisis response and Community Outreach

- ▶ *The Crisis Intervention Team (CIT) is an innovative first-responder model of police-based crisis intervention with community, health care, and advocacy partnerships. The CIT Model was first developed in Memphis and has spread throughout the country. It is known as the “Memphis Model.” CIT provides law enforcement-based crisis intervention training for assisting those individuals with a mental illness, and improves the safety of patrol officers, consumers, family members, and citizens within the community. CIT is a program that provides the foundation necessary to promote community and statewide solutions to assist individuals with a mental illness. The CIT Model reduces both stigma and the need for further involvement with the criminal justice system. CIT provides a forum for effective problem solving regarding the interaction between the criminal justice and mental health care system and creates the context for sustainable change.*

Basic Goals:

- ▶ *Improve Officer and Consumer Safety*
- ▶ *Redirect Individuals with Mental Illness from the Judicial System to the Health Care System*

CIT Training

CIT Academy:

- Alameda County
- San Francisco
- Contra Costa County
- San Mateo County

Training Curriculum:

- 8 hrs. FTO
- 40 hrs.
- 2 – 4 hrs. Refresher
- 4-8 advance ofc training

Crisis response and Community Outreach

Patrol Officer: 40-Hour Comprehensive Training

- ▶ *The 40-hour comprehensive training emphasizes mental health-related topics, crisis resolution skills and de-escalation training, and access to community-based services. The format of a 40-hour course consists of didactics/lectures, on-site visitation and exposure to several mental health facilities, intensive interaction with individuals with a mental illness, and scenario based de-escalation skill training. Experience has shown this is a minimum level of training hours. The material covered is complex. The desired learning outcomes go beyond simple cognitive retention of material. The outcome desired is the retention of behavioral changes learned as part of the training.*

Crisis response and Community Outreach

Law Enforcement Community

- ▶ *Participation and Leadership within the Law Enforcement Community Central to the formation and success of CIT is the role of the law enforcement community. Trained CIT Officers are able to interact with crisis situations using de-escalation techniques that improve the safety of the officer, consumer, and family members. In addition, the law enforcement community is able to provide care and help to consumers by transporting individuals in need of special treatment to appropriate facilities. It is also critical that all law enforcement participate in the formation of CIT and engage in all elements of the planning and implementation stages. Often those involved in the formation of the CIT program will become or help select the CIT coordinator for a particular law enforcement agency. The two main components within the law enforcement partnership are the operational Crisis Intervention Team within a law enforcement agency and general criminal justice system participants.*
- ▶ 1) Law Enforcement: CIT Operational Component
 - ▶ Police Department
 - ▶ Sheriff's Department
- ▶ 2) Law Enforcement: Criminal Justice Partnership Component
 - ▶ Corrections
 - ▶ Judiciary: *Public defender, State Attorney, Judges, Probation/Parole*
 - ▶ Crime Commission/Public Safety Commission
- ▶ 3) Law Enforcement: Policy Development Component
 - ▶ Law enforcement command staff
 - ▶ Training and Standards

Understanding and Predicting Outside Behavioral Influences

Rain

Clients residency population increases due to clients trying to avoid the cold.

Heat

Higher number of medical calls due to dehydration, also increases client residency population due to clients trying to avoid the heat.

Construction

When repairs are being done within a particular area in a station, it can potentially drive all of the current client residency population to the opposite side of the station, filling the hallways. This becomes even more problematic during high revenue hours.

Local Events

When events such as "Project Homeless Connect" occur, within the Civic Center or Bill Gram theatre, an increase of homeless individuals in an attempt to get to these events will arrive within the Civic Center Bart Station.

1st – 7th “Drug Induced Slumber”

- SSI, SSDI, Welfare & other government checks are delivered.
- It is because of this that clients in **CCS** are typically sedated, less aggressive, and or less physically present during this period of time. In **PPS**, the Mental Health is Intensified within this time period.

8th – 15th “Withdrawal & Aggression Period”

- It is typically by this point that clients have spent their resources and obtaining their D.O.C is now difficult.
- During this period there’s an increase in aggressive behavior such as aggressive panhandling & petty theft to obtain D.O.C
- Interest for services and openness to services is typically low during this period.

16th – 30th “Heightened Disparity”

- Clients have now gone almost 2-3 weeks without direct accessibility to their D.O.C
- Clients panhandle or create other ways to obtain lower amounts of money such as playing instruments, singing, or simply asking strangers for “change to get coffee”
- Clients are typically only able to get low amounts of their D.O.C at this point without the financial assistance and with only what’s produced from their panhandling. It is because of this that clients are only able to use enough of their D.O.C to keep their bodies from Acute Withdrawal Symptoms.
- This heightened sense of disparity makes the clients more receptive to treatment and other basic services
- Higher Medical calls and request for substance treatment happen within this timeframe due to withdrawal.

ADDITIONAL NOTES

In accordance with the BART Citizen Oversight Model (Model), OIPA investigates certain complaints, conducts complainant-initiated appeals, and also monitors and/or reviews complaint investigations conducted by BPD. Though potentially work-intensive, some complaint investigation reviews are completed informally, with any concerns being addressed through a conference with BPD's Internal Affairs investigators. Noting the various kinds of work that OIPA undertakes with regard to complaints and investigations, the following chart includes some of the pending cases in which OIPA is involved as of the end of this reporting period.

Investigations Being Conducted	6
Complainant-Initiated Appeals	0
BPD-Initiated Appeals	0
Investigations Being Monitored	23
Investigations Reviewed During Current Month	25†

†This number does not include all OIPA reviews, as OIPA commonly looks at a variety of cases in the Internal Affairs database to obtain updates on both pending and completed investigations.

The Model provides that OIPA shall have authority to require follow-up investigation into any citizen complaint or allegation that is handled by BPD. The OIPA Monthly Report will reflect information regarding monitored cases with detail not to exceed that which is allowable under state law. The investigations reviewed by OIPA during the period did not generate any notable recommendations for revisions or additional investigation.¹²

¹ In addition to reporting on complaints received by the BART Police Department, the Citizen Oversight Model requires reporting on all complaints received by the “Citizen Board, Office of the District Secretary, and other District departments.” As complaints received by the BART Police Citizen Review Board are customarily directed to OIPA for further action, such complaints are included in the Quantitative Report above; OIPA is also made aware of additional complaints about the BART Police Department by the Office of the District Secretary or other District departments.

² This number includes all Citizen Complaints filed against members of the BART Police Department, as well as Administrative Investigations generated internally by BART Police Department members (as opposed to being filed by a citizen). This number also includes previously completed cases that have been re-opened during the current reporting period.

³ This number indicates all investigations that are open as of the end of the reporting period. It includes Citizen Complaints (regardless of whether the investigation is being conducted by OIPA, the BART Police Department, or both) and Administrative Investigations.

⁴ This number includes all cases completed by OIPA during the reporting period for which OIPA’s findings are required by the BART Citizen Oversight Model to be submitted to the BART Police Citizen Review Board. It therefore includes independent investigations, as well as reviews of completed BART Police Department investigations initiated via appeal from a complainant. Unless otherwise noted, it does not include reviews of BART Police Department investigations initiated at the discretion of OIPA, which happen commonly and do not always generate a formal report; it also does not include reviews conducted by OIPA of complaint investigations where the complaint was filed with OIPA but did not fall under OIPA’s investigative jurisdiction.

⁵ This number refers to appeals filed with OIPA by complainants who have been issued the findings of the BART Police Department’s internal investigation into their complaint regarding on-duty incidents. OIPA has a responsibility to review such appeals pursuant to the BART Citizen Oversight Model, Chapter 1-04 (E).

⁶ This number refers to all appeals initiated by the BART Police Citizen Review Board after receiving and reviewing the findings issued by OIPA in a given case. The routes of all such appeals are described in detail in the BART Citizen Oversight Model, Chapter 1-04 (B) (iv-v).

⁷ The BART Police Department defines an Informal Complaint as, “A comment on the actions of a Department employee, where the reporting party expressly states that he or she does not feel that the matter should be formally investigated with the understanding that an Informal Complaint does not hold the potential to result in disciplinary action against the employee.” (BART Police Department Policy Manual, Policy 1020.1.1(d)).

⁸ It is important to note that OIPA does not separate citizen complaints it receives into “Formal” and “Informal” classifications. This chart reflects all citizen complaints received by OIPA and all Formal Complaints received by the BART Police Department.

⁹ A Supervisor Referral refers to an instance involving an Inquiry or an Informal Complaint. An assigned supervisor addresses the issue informally with the involved employee and documents the content of the conversation with a memorandum to IA.

¹⁰ A Service Review refers to an instance when a citizen/patron raises a concern pertaining to a global practice throughout the Department such as Department policies, procedures and/or tactics. When appropriate, a Service Review may be conducted by Internal Affairs or by a designated review committee, who in turn will make recommended changes to the Chief of Police for approval.

¹¹ Administrative Closure refers to allegations that are received and documented; however the Chief of Police or his/her designee determines, based on a preliminary investigation, that further investigation is not warranted. Under these circumstances, the complaint will be Administratively Closed and documented in a summary memorandum to the case file. Employees will be documented as witnesses only, not as subjects to the complaint. Internal Affairs will send a letter to the complainant notifying them that the case was closed following a preliminary investigation.

¹² OIPA may submit recommendations to IA regarding minor clerical or record-keeping adjustments which are intended to maintain the integrity of the data collection and record-keeping processes at BPD. These are not considered by OIPA to be substantive recommendations requiring reporting herein.
