

SENIOR MANAGER OF PROCUREMENT

JC: 000237

BU: 95 (NR)

PB: 10

FLSA: Exempt

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under general direction, manages, oversees and monitors the purchasing and inventory management functions within the Procurement department; monitors and evaluates efficiencies and courses of action for improvement; acts as a liaison to sponsoring departments to implement planning of larger purchases; ensures compliance with Federal Transit Administration (FTA); provides highly responsible and complex administrative support to the Director of Procurement, and performs related duties as assigned.

CLASS CHARACTERISTICS

This classification is the full managerial level with full functional management responsibility for multiple divisions within a major department with significant responsibility for managing, administering and implementing multiple policies or programs, responsibility for directing the work of managers, and significant strategic development, implementation and administration of planning future delivery of services that may have significant, long-term impact to the organization. This classification is distinguished from the Director of Procurement in that the latter classification manages the overall activities and operations of the Procurement department.
